- Specially formulated adhesives / materials for labels that stick & last

Box/Underline

Choose a box or underline for your label.

Symbol "Hot Keys"

Over 50 quick access symbols for audio/video, electrical and safety applications.

Styles

For optimal readability, print one line or two. Select from 3 styles of normal, italics and outline.

Flag Key

Your one-touch solution for clear, two-sided labelling of cables and wires.

Fixed Length Key

Automatically centers and prints a specified label length – ideal for outlets, bins and more.

Vertical Printing Key

Change direction in a flash – for racks, bins, signage and more.

Serial Key

Save keystrokes by automatically printing incremental text and numerical information.

RHINO 1000
